Rockville, MD 20857

Ruth Gabey
880 Lewiston Rd
Gardiner ME 04345-3323

Dear Dr. Henney:

I am writing so as to go on record as supporting the petition submitted to the FDA by the Environmental Defense Fund, the Union of Concerned Scientists and others requesting that the FDA rescind approvals of the subtherapeutic uses in livestock of antibiotics used in (or related to those used in) human medicine. Thank you for your consideration.
